

## CAUCUS PRESSES TARIFF REVISION BILL

Ways and Means Committee is Sustained During Series of Fights

TO BE BROUGHT UP SOON

Democratic Leader Underwood Predicts Bill Will Be Brought Up In House Wednesday

ADOPT HULL'S AMENDMENT

WASHINGTON, APRIL 18.—The tariff revision bill, pressed rapidly in the Democratic caucus in the house to day was considered simultaneously by a conference of the Republican representatives who agreed to propose amendments and Democratic leader Underwood tonight predicted that the bill would be brought up in the house next Wednesday. In the Democratic caucus the way and means committee majority was sustained at every point during a series of fights over proposed amendments to the income tax, the only important action on the bill being the adoption of a measure to strengthen the provision exempting life insurance policies. The \$4,000 exemption and graduated scheme of income taxation running up to four per cent on \$100,000 or more was retained intact. The house Republicans in an open conference endorsed the proposed amendment to the bill that would provide for a tariff commission, changed so as to require the commission to report annually and deferred until Monday action on a proposition to introduce as an Republican amendment the Payne-Hill wool bill that was afforded two years ago.

Ways and Means Committee Met. Meantime the Democrats of the ways and means committee met and agreed upon a number of minor changes in their bill which will be offered probably late tomorrow to correct defects disclosed in the caucus proceedings in telegrams and letters to the committee and in renewed study of the measure.

The Democrats have been bombarded with inquiries regarding a clause of the income tax provision intended to exempt life insurance policies.

To avoid complications the caucus changed the language so as to read: "provided the proceeds of life insurance policies paid upon the death of the person insured shall not be included as incomes."

Proposed Reduction. Representative Shirley of Kentucky proposed to reduce the income exemptions from \$4,000 to \$2,000 and to make incomes of more than \$100,000 pay five per cent tax, on the ground that the bill made a small minority of the people subject to the tax. Representative Hobson of Alabama wanted to make the minimum \$3,000 with a rate of one half of one per cent between \$3,000 and \$10,000 and four per cent on incomes between \$10,000 and \$250,000 and five per cent surtax above \$250,000. Representative Thacher of Massachusetts figured the minimum at \$1,000. All these amendments were voted down. Tonight it was expected that the caucus would finish with the bill tomorrow night or Monday and that the house would take up the bill the middle of the week with passage there before May 1st, probable according to Mr. Underwood.

Opened With Lively Debate. The Republican caucus opened with a lively fight over the general tariff policy in prospect.

Representative Moore of Pennsylvania and Fordney of Michigan, a minority of the Republican representation of the ways and means committee were on hand with a resolution which would prevent the Republicans taking any constructive action in the making of the tariff. Republican leader Mann and his lieutenants prevented a vote on the resolution although Representative Moore and Fordney endeavored to force action.

"I do not wish to find myself two years from now, after the Democrats have made their mistakes," said Mr. Moore, "bound by some fool action taken here to day on a bill prepared by some individual who may or may not be the representative of lobbyists now in the capitol. The Republican members who have not had time to consider or prepare a bill should not be bound by and hand-me-down bill left over from a previous congress."

Discussed Wool Schedule. Representative Payne discussed his proposed wool schedule at length, declaring it was the most equitable arrangement of duties on wool that could be devised. He explained that the rates were arranged on a basis of 18 cents a pound on pure raw wool in the different stages of manufacture equitably distributed on a basis of wool content. He said the bill had the endorsement of the tariff board.

## CLARK AND BRYAN BURY THE HATCHET

PUT PERSONALITIES OF THE BALTIMORE CONVENTION WITH BYGONES

Both Desire to Co-operate in Carrying Out the Policies of the Administration — Many Notables Present at Luncheon.

WASHINGTON, APRIL 18.—Speaker Champ Clark and Secretary William Jennings Bryan met at a private luncheon here today, shook hands and issued public statements declaring they had buried the hatchet and put the personalities of the Baltimore convention with the by-gones. The luncheon was arranged by Theodore A. Ball, of California, temporary chairman of the Denver convention in 1908, and chairman of the California delegation supporting Speaker Clark of Baltimore and was presided over by Ira E. Bennett, editor of the Washington Post. Intense interest was aroused in political circles over the reconciliation of the two antagonists, whose differences became acute as a result of events at the Baltimore convention. Secretary Bryan's prepared statement issued tonight is as follows:

**Bryan's Statement.** "My meeting with Mr. Clark has served to clear up a misunderstanding as to my exact position toward him at the Baltimore convention. I have tried to make it clear to Mr. Clark that I have always regarded and do now regard him as a good clean progressive Democrat. If my language at Baltimore created any impression that I was charging Mr. Clark with being in sympathy with any of the reactionary forces I am glad of the opportunity to correct any such misconception of my words or acts, for I did not intend to reflect upon either personal or political character of the speaker. "It is my earnest wish that there may be cordial co-operation between the state department and the speaker in carrying out the policies of the administration."

**Clark's Statement.** "Here is speaker Clark's statement: 'It is beyond the power of Colonel Bryan or any one else to correct the injustice that was done to me at Baltimore. The loss of the presidential nomination was a small thing as compared to the injury done to my reputation in the eyes of the world. But now that Colonel Bryan in his public statement has done what he can to remove the injurious impressions that were created by his Baltimore speeches, I feel that we can all the better co-operate for the good of the administration. I can only repeat what I have publicly declared time and time again, that all personal or selfish considerations must give way to the duty that all Democrats owe to our party and to our country.'"

**Many Notables Present.** Those who sat at the table with those already mentioned and saw the disappearance of what many politicians thought the most embarrassing situation confronting President Wilson's administration were: Vice-president Marshall, Secretary Lane, Senators Kem and O'Gorman, Representative Crisp, Secretary Tully, Assistant Secretaries Osborn and Malone of the state department, Thomas F. Logan and L. L. James. So far as known it is the first time the men had met since before the Baltimore convention.

Speaker Clark's friends have always said Mr. Bryan prevented his nomination and that it was due to Mr. Bryan's activity and influence that the convention contrary to custom, refused to give the speaker the necessary two-thirds vote after it several times had given to him a majority. Strong statements of a somewhat personal nature were also issued by Mr. Bryan and Mr. Clark at the time.

The reconciliation was looked upon in political circles as the most significant political development of the administration so far.

**MARTIN BELIEVED SAFE.**

London, April 18.—A friend here of Joseph W. Martin, the Memphis, Tenn., cotton dealer who has been missing since April 3, tonight received the following telegram from Vevey, Switzerland:

"Cease inquiries. All well. Writing. (Signed) J. W. Martin."

the rates as too low and objected to the conference endorsing any bill.

"I am opposed," he said "to the Republicans presenting any substitute for the rates in the Democratic tariff bill. We have nothing to gain and everything to lose on such a transaction. If we put in a bill now and we are returned to power to years hence, that bill will meet us on the trail like a scarecrow."

After a lengthy debate almost solely postponed until Monday evening when the conference will meet again.

**Adopts Amendment.**

The caucus adopted an amendment to the income tax provision offered by Representative Hull which in effect would require insurance companies to pay the proposed one per cent only on their net incomes out of which they declare a dividend to policy holders.

The amendment would require the net income to be ascertained by deducting from the gross amount of income "the net addition if any, required by law to be made within the year to reserve funds and sums other than dividends or return of premium payments paid within the year on policy annuity contracts."

## WILSON KEEPS IN CLOSE TOUCH WITH SITUATION

RECEIVES TOKIO DISPATCHES AND STUDIES PROPOSED LAW

Declares Federal Government Can Do Nothing Until the Bills Are Passed and Cannot Make Attitude of Government Known to Inquiring Nations.

WASHINGTON, APRIL 18.—President Wilson kept in close touch to day with the situation both in Japan and California over the proposed alien land legislation. He read with interest the dispatches from Tokio describing popular feeling against the bills and studied the text of the pending measures as well as a synopsis of similar laws in New York and Texas.

The president told his callers that the federal government must of necessity refrain from interference with California while in the process of legislating and could not make its own attitude known to inquiring nations until the bills were passed. He added however, that if any impression had been circulated in Japan that the administration here had become indifferent to the developments in California such a view was unjustified and that judgments as to the measures should be withheld until they are finally framed and passed. In the meantime, the president declared that every effort was being made to keep in communication informally with the California legislature. It is unlikely that the president will communicate his views directly or take any step that will interfere with legislative process, but he hopes through members of congress here to do his utmost to prevent and obvious violation of treaty obligations. Should treaty rights be violated, he is hopeful that Japan will withhold judgment until the American courts have dealt with the question.

**Outbursts Unwarranted.** The attitude of government officials may be summed up as looking upon the popular outbursts in Tokio as unwarranted at this time, the federal government fully intends to give Japanese residents, every protection and privilege accorded foreigners under the favored nation principle of its treaties.

At the same time diplomatic circles here are alive to the situation and some of the more prominent embassies and legations have been ordered to keep their governments advised of every action. "Protests from Italy, which it is believed might be followed by more from other nations, as to the restrictions on aliens, excited much comment among the diplomats but attention was most frequently drawn to the existing alliances between Japan and the great powers which might be affected in case of a breach between Japan and the United States.

Some of the diplomats suggested that it was possible that the present Japanese cabinet might be swept from power through the present agitation and in the hope of placating popular clamor a new administration might issue an emphatic protest to ultimatum protest or protest or ultimatum to the Washington government.

The white house officials declare their relations with the Japanese government through the ambassador here have been of the most friendly and cordial kind and that the peculiarities of the situation with its constitutional embarrassments are fully understood during the present stages of the negotiation.

Because of the intimation from Tokio that along with a demand for naturalization of Japanese would come a literal of what is known as the "law relating to foreigners right of ownership in land," the text of that law is attracting much attention here. Its application heretofore has been very loose and there are large holdings of land by foreigners including Americans in many of the prohibited to them.

**Action Deferred a Week.**

San Francisco, Cal., April 18.—Further action on the anti-alien land bills pending before the California legislature has been deferred until next week. This decision was reached it said to day because some word was expected from Washington in relation to the protest of the Japanese government against possible infringement of the rights of Japanese citizens in this state.

Reports of the popular agitation in Japan over the proposed action in California, provoked considerable comment about the legislative chambers to day. The violence of these protests as well as the inquiries as to the effect of the proposed bills upon other alien interests in California led to the belief here that President Wilson might find it expedient to indicate his views or suggest a course of action tending to relieve the situation. A poll of the senate to day disclosed an overwhelming majority in favor of an anti-alien law but scarcely a handful of senators indicated a wish to include in its provisions foreigners or foreign corporations controlled by persons eligible to citizenship.

A poll of the house shows that such a law could not be passed.

In case no word comes from Washington it is regarded as certain here that a law directed almost solely against the Japanese will be passed exempting all European corporations. Only seven members of the senate have declared themselves against such a bill.

Independence, Kans., April 18.—William H. Frost, a pioneer railroad contractor who aided in the construction of the Boston and Maine, and Illinois Central railroads, died at his home here to day.

## GENERAL CONDITION MORE FAVORABLE

Pope Pius Has Passed Three Days Without Any Sign of Fever

SOON BE CONVALESCING

If These Satisfactory Conditions Continue the Pontiff Will Be Considered Convalescing

TAKES INTEREST IN AFFAIRS

ROME, APRIL 18.—The consoling news that emanated from the vatican tonight was that Pope Pius has passed three days without fever, that his general condition was progressing favorably and that if these conditions continued for a few days his holiness would be considered convalescing and the bulletins of the physicians discontinued.

Although this information came for the physicians in attendance upon Pope Pius and was confirmed by Cardinal Merry del Val, the papal secretary of state, it did not prevent persons of pessimistic tendencies from continuing to shake their heads dubiously and inventing ailments for the pontiff. Tonight they declared he was suffering from pneumonia and senile consumption.

**Evening Bulletin.** This evening's bulletin issued over the signatures of the pope's physicians reads:

"Today also was passed without fever. The temperature of the pontiff tonight is 99.1. The amelioration continues."

When Dr. Amiel visited the pope shortly before midnight he found his temperature at 97.2. He said the condition of the patient was satisfactory and he was finding great relief from his cough by taking a soothing vapor of ammonia flavored with anise seed. After Dr. Amiel's visit Pope Pius went to sleep. His breathing was audible in the room on account of his catarrh.

**Issues Statement.** Prof. Ettore Marchisava, the pope's chief physician, was asked by The Associated Press tonight concerning the condition of his patient. In writing he replied:

"The holy father has suffered from influenza with a slight affection of the trachea and larger bronchial tubes. Broncho-pneumonia has never been suspected. He has never doubted his recovery sooner or later. His general condition always has been of the best. His heart and pulse are strong and normal and the sensorial nerves intact."

It must be added, however, that all Prof. Marchisava says in his statement may be perfectly true another affection exists which is not in an acute stage now, but is always liable to occur. This is a gouty kidney.

The better condition of the pope is shown by his increasing interest in affairs. Today he insisted on consulting his last instructions to Cardinal Ferrata, who will leave tomorrow for Malta to preside at the Eucharistic congress. He also desired to know what arrangements had been made concerning the pontifical mass which he was to celebrate in St. Peter's Cathedral.

**SEARCH STARTED FOR ANOTHER MAN IN DIETZ MURDER CASE**

Identity of the Man and His Connection With the Case Was Not Divulged by the Police.

Chicago, April 18.—Search for another man suspected of complicity in the murder early Monday morning of the tailor George Dietz, whose skull was crushed by a hammer, was instituted tonight by the police department and the coroner's office.

The identity of the man and his exact connection with the mysterious case, was not divulged. Manufacturers of the hammer used notified the authorities to day that only twenty five retailers of hardware in Chicago sell that peculiar type of implement, of which there are few in use. The police expect soon to trace it to the dealer who sold it to the murderer. Mrs. Dietz who to day, with George Nurnberg, was released on bonds of \$10,000 each on a charge of murder appeared in the probate court and was appointed administratrix of her husband's estate, which consisted of \$1,500 in property and \$10,000 in life insurance.

**ATTACK SERVIAN TRANSPORT.**

Vienna, April 18.—A despatch to a newspaper here reports that Bulgarian volunteers attacked a Servian transport train between Kumanova and Egrpalanka. It says sharp fighting ensued in which eighty Servian soldiers were killed or wounded. The Servian soldiers fled, leaving the transport wagons, full of arms and ammunition, in the hands of the Bulgarians.

The losses of the Bulgarians are unknown.

## MRS. WM. C. STORY IS CHOSEN HEAD OF D. A. R.

DEFEATS MRS. HORTON, ADMINISTRATION CANDIDATE ON 3RD. TICKET

Seven Vice-President-Generals Were Elected to Complete the Committee of New General Officers—Mrs. Story Pleads For Harmony.

WASHINGTON, APRIL 18.—Mrs. William Cumming Story of New York, head of the conservative faction, late today was elected president-general of the society of the Daughters of the American Revolution, defeating Mrs. John Miller Horton, of Buffalo, the administration candidate on the third ballot. The vote stood:

Mrs. Story 600; Mrs. Horton 449. Seven vice-president-generals also were elected to complete the committee of new general officers. They were:

Mrs. Thomas Kite, of Ohio; Mrs. Rhett Goode, of Alabama; Mrs. John Swift of California; Mrs. Allen P. Perley of Pennsylvania; Mrs. Ben F. Gray, Jr., of Missouri; Mrs. Harriet I. Lake of Iowa; Mrs. John Lee Dinwiddie of Indiana.

Three vice-president-generals were elected on the first ballot.

**Makes Plea For Harmony.**

The result of the third ballot was announced about 5:30 and the successful candidate escorted to the platform. She was greeted by Mrs. Matthew T. Scott, retiring president-general and began her speech. She made a plea for harmony and urged all the new general officers to do their utmost to bring peace between the factions that have waged an almost continuous warfare for the last five years.

Before closing her remarks Mrs. Story introduced Mrs. Charles B. Bryan who withdrew as a contestant today before the third ballot was begun. Mrs. Bryan had been known as an administration sympathizer, but she pledged loyalty and support to the incoming administrative, she was followed by the new general officers and all pledged their support to Mrs. Story.

**Given Great Ovation.**

When Mrs. William Cumming Story, the newly elected president-general of the D. A. R., made her appearance upon the stage at tonight's meeting she was given an ovation. In a brief address to the daughters, Mrs. Story expressed gratitude over her election declared that she looked forward to a harmonious administration and promised to carry out the high ideals of the organization. During the evening Mrs. Scott was presented with a handsome silver bowl, the gift of the regents of the D. A. R. chapters of the District of Columbia.

**MAY DISCUSS COMPROMISE**

Efforts Will Be Made to Conciliate Those Opposed to Granting Manhood Suffrage in Belgium.

Brussels, April 18.—While it is yet premature to hope for an early settlement of the great strike that is now paralyzing the economic life of Belgium, efforts made to day by M. Hyman, the liberal leader in the chamber of deputies, to conciliate those opposed to granting manhood suffrage to the workmen appear to have been not altogether in violation. After considerable discussion the chamber adjourned until next Tuesday on motion of the premier, to consider the situation.

During this interval the various parties will carefully examine into the motion of the liberal deputy M. Masson which embodies the elements of a compromise. After the chamber adjourned the socialist members drew up a manifesto explaining the situation. This document says:

"Will it be war or will it be peace? We do not know, but the strike now progressing was indispensable to enforce a hearing of our claims."

The impression produced by the speech in the chamber by Herr Woes to the clerical leader, who yesterday emphatically opposed any concessions by the majority of those demanding manhood suffrage, led to an increase in the strikers to day, notably in Brussels, but this increase apparently was offset by resumption of work elsewhere. The official estimate of the number of men out places the number between 312,000 and 350,000.

**SIGNS FOUR SENATE BILLS.**

Gov. Dunne Signs Appropriation Bills For Deeney and Oglesby Portraits and Two Other Bills.

Springfield, Ill., April 18.—Four senate bills were signed late today by Governor Dunne. Two of the bills are appropriation measures providing for the painting of portraits of former Governor Deeney and former Lieutenant Governor John G. Oglesby, the pictures to be hung in the offices of the governor and lieutenant governor at the state house.

Other bills signed were: Appropriating the salary for the unexpired term of the late Circuit Judge William H. Gest, of Rock Island, to his widow.

Making a deficiency appropriation of \$10,000 to the state auditor's department for the return of fugitives from justice.

**"ARSON SQUADS" BUSY.**

Aberdeen, Scotland, April 18.—Sufrage "arson squads" almost succeeded in burning down the railway station here last night. A container of gunpowder, soaked rags and a burning candle the customary weapon of the squads were discovered on the timely appearance of the patrol now guarding the station.

## REVEAL CONDITIONS AT CHICAGO "BABY FARM"

MOTHERS CONTRACTED FOR DISPOSAL OF INFANTS BEFORE BIRTH

Chairman Curran Asserts That the Barter of Flesh Has Not Ceased and That Dealing in Babies is "Most Dastardly Business Existing."

CHICAGO, APRIL 18.—Inhuman conditions at "baby farms" in Chicago were revealed today in the Illinois house committee's investigation of maternity homes and institutions where children are kept. They were such as to bring from Chairman Thomas Curran the assertion that the barter of flesh has not ceased and that dealing in babies is the "most dastardly business existing."

The representatives were told that mother's contracted for the disposal of their infants before birth, signing an agreement which ends: "I promise and declare I will never see said child, but do release and abandon it forever."

They were informed that babies were shipped out of the state when only a few hours old and their mothers were hired out to nurse the infants of the wealthy. Superintendents of maternity homes admitted they kept no records, that once a child was sent away there was nothing by which it could be traced.

The testimony brought out the fact that 85 per cent of the unmarried patients in the "lying-in" hospital are girls from out of the state who come to the city to hide their shame. The heads of the homes said the demand for infants exceeded the supply.

The head of one of the institutions said that on Feb. 14 an infant was born at 4 o'clock in the afternoon. Two hours later it was aboard a train bound for McGregor, Ia. He explained that an infant of that age "could go without nourishment without suffering."

**MAKES SENSATIONAL CHARGES AGAINST ARMS MANUFACTURERS**

Makes Allegations Regarding Methods Used By Companies to Push Their Interests.

Berlin, April 18.—In a speech in the Reichstag today Herr Liebknecht, a Socialist made sensational allegations regarding the methods of the manufacturers of arms and ammunition to push their interests. He said the foremost German companies had caused articles to be printed in the Paris Figaro, advocating an increase in the French army in order to arouse a warlike spirit in Germany and thereby obtain larger orders.

Herr Liebknecht said the Krupp company kept an agent in Berlin whose business it was to bribe army and navy officials in order to obtain an insight into official documents. This agent had large funds at his command, he said. The speaker claimed that he had documentary proof of this statement which he had given to the war minister and that the latter had instituted an investigation which substantially proved his charges.

General Von Heeringen, the minister of war, expressed regret that Herr Liebknecht had mentioned the matter in the Reichstag because, he said, his investigation into the matter had not been finished. He said he had found the charges much exaggerated. A number of sergeants and some officers were misled by the Krupp's agent to give official information he concluded, but there was no betrayal of military secrets.

**STATE'S ATTY AND ASSISTANTS ARE EXCLUDED FROM HEARING**

Grand Jury Investigating Voting Machine Contract Calls Upon O'Hara For Further Evidence.

Chicago, April 18.—The grand jury investigating the \$1,000,000 voting machine contract today suddenly excluded the state's attorney and his assistants from the room, held an executive session and passed a resolution calling upon Lieutenant Governor Barrett O'Hara and five members of the legislature to furnish them whatever evidence or information they have in their possession as to alleged irregularities in the awarding of the contract.

It was the opinion of the grand jurors as set forth in the document that they can obtain as much evidence as the legislative committee which is about to be sworn to investigate the voting machine contract if these persons who have been asked to come will impart whatever information they have. Those summoned besides the lieutenant governor were Speaker William McKim Bruce, Senator Frank J. Ryan and L. J. Burns. Butts is chairman of the subcommittee of the house committee on elections. It was reported that the inquisitorial body decided upon the resolution as the result of failure to obtain any definite evidence of fraud from the witnesses already examined. Further inquiry was postponed until Monday.

**FEAR GRASSHOPPERS**

Sedalia, Mo., April 18.—Many grasshoppers have made their appearance in Central Missouri and farmers express the fear that great damage will be done growing crops this summer. This is said to be the earliest date grasshoppers have ever been known in such large numbers in Missouri.

## PFANSCHMIDT'S FATE MAY GO TO JURY TODAY

Attorney Wall Begins Closing Arguments for the State

CROWDS TURNED AWAY

Court Room and Corridor Were Filled With People and Many Were Turned Away

FINAL DAY MAY BE DRAMATIC

QUINCY, ILL., APRIL 18.—"Providence preserved those blood-stains on that axe, to help fix the guilt on Ray Pfanschmidt; providence planned the discovery of the khaki suit in the vault; providence sent the rain that preserved the buggy tracks and hoof imprints in the Pfanschmidt barnyard, all to assist man in fixing the guilt on the real murderer of the Pfanschmidt family," said Attorney John E. Wall in his address to the jury late this afternoon. Mr. Wall is making the closing argument for the state in the case against Ray Pfanschmidt, charged with committing four murders, as bloody as any in the annals of criminal history.

Attorney Emory Lancaster began his argument for the defense yesterday afternoon at 4 o'clock. He spoke until 6 o'clock last evening, began again at 9 o'clock this morning and spoke until noon and again spoke from 1:30 to 5 o'clock this afternoon. In his impassioned peroration he urged the jury to find the young defendant not guilty so that the real murderer of the Pfanschmidt family may be eventually found.

**Most Bitterly Fought.**

Attorney Wall launched into a discussion of the evidence which he may not complete until late tomorrow afternoon. Judge Williams expects to send the case to the jury tomorrow evening if a night session may be necessary.

The trial of Ray Pfanschmidt charged with the murder of his father, mother, sister and Miss Emma Kaempfen began March 18th, just a month ago today and has been the most bitterly fought of any ever held in this city. Crowds could not get into the large court room and court house corridor and yard were filled with people. The people of this county are especially anxious to hear the closing argument of Attorney Wall. Special arrangements are being made for tomorrow's session for it is believed that the people will gather early in the morning in large numbers to be present when court opens. The closing day with the final eloquent appeal of Mr. Wall promises to be the most dramatic of the entire trial.

**ESTATE CONSISTS OF INSURANCE**

Wayman Estate Chiefly Consists of \$42,000 in Insurance Policies.

Chicago, April 18.—It is asserted that the estate of John W. Wayman, who shot himself last night, will consist chiefly of \$42,000 in life insurance policies. In addition to this there is a possibility that his family will ultimately come into possession of \$200,000 for which Wayman had claims against Cook county. This money was collected by the decedent as fees while he was state's attorney and is held until the courts decide who is entitled to it. It is said that Mr. Wayman's campaign for the nomination for governor was expensive and that the possibility that he had brooded over financial matters may in part account for his death.

**DIES OF APOPLEXY.**

Chicago, April 18.—Frank D. Tracy, a real estate and tax agent for the Chicago & Alton railroad, died of apoplexy while seated at a restaurant table to day with his son, Eugene D. Tracy. The decedent was 71 years old and widely known in railroad and fraternal circles.

### BRYAN WILL ATTEND ST. LOUIS PEACE CONFERENCE

Secretary of State Has Definitely Accepted  
Invitation To Be Present

Definite acceptance by Secretary of State William Jennings Bryan of an invitation to St. Louis for the Fourth Annual Peace Congress has been announced by James E. Smith, chairman of the Executive Committee.

Mr. Bryan will speak before two peace congress audiences in the Odessa. His first address will be at the annual meeting of the American Peace Society, at 4 p. m., Saturday May 3. His second, that night, will close the peace congress, in which according to the latest advice, at least, nineteen nations of the Western Hemisphere will participate.

"We are much gratified at Mr. Bryan's acceptance, as it assures the congress a brilliant climax," said Mr. Smith. "If President Wilson's duties permit, he will come to St. Louis and open the congress, but there is still some uncertainty as to whether he can make the trip."

Programme Almost Complete. President Woodrow Wilson is honorary president of the peace congress and Secretary of State Bryan one of its active vice presidents, the others being Theodore E. Burton, United States senator from Ohio; Andrew Carnegie, who gave \$11,000,000 to establish an endowment fund for international peace; Champ Clark, speaker of the House of Representatives; John W. Griggs, former United States attorney general; and Oscar Straus, former American ambassador to Turkey. The honorary vice presidents of the congress are William H. Taft, former president of the United States, and Elihu Root, United States senator from New York, and the active president is Congressman Richard Bartholdt of St. Louis.

Prof. Manley O. Hudson, chairman of the Programme Committee, announced yesterday an almost complete programme of the peace congress will be made public in two or three days.

### COMMITTEE VISITS

Clayton C. Pervier of Sheffield, J. J. O'Rourke of Harvey and Michael L. Izoe of Chicago, composing a committee of the appropriations committee of the State Legislature, visited the three state institutions in this city Friday. They arrived in the city Thursday evening and went to the Jacksonville State Hospital, where they remained during the night and Friday morning, taking lunch there at noon. In the afternoon they went to the School for the Blind and later to the School for the Deaf, leaving the city Friday evening.

The appropriations committee of the house is divided into numerous sub-committees and they are assigned to visit the several state institutions to confer with the superintendents regarding appropriations. The committee visiting the local institutions also visited the city hall where they conferred with City Engineer Henderson regarding the paving of South Main street.

Men's and women's or children's EVER WEAR Hosiery are sold and guaranteed by FRANK BYRNS' Hat Store.

### RAILROAD NOTES.

John A. Apple, station agent for the Wabash Railroad at Granite City says the Wabash will expend more than \$500,000 this summer and fall in making improvements near Granite City. The company's plans, it is said, contemplate the erection of an office building, a new roundhouse station, freighthouse, thirty miles of track and the removal of the yards from Venice to Granite City.

The road Wednesday purchased from Ferdinand Vorwald a strip of land one mile long, paralleling its track in Granite City.

Chicago business interests plan a special train to carry manufacturing and jobbing exhibits on a tour through the territory tributary to Chicago. About seventy manufacturers and jobbers will have exhibitions of their produce on the train, and it is planned that the expense incurred by each will be about the same as were he to send his regular representative into the same territory for the same number of days. An expedition train consisting of six exposition coaches, two sleepers and a diner, is being equipped to make the tour.

President Delano of the Wabash Company says: "The management of the property believes thoroughly in its future, and sees the great advantage that would accrue by liberal expenditures for additions and betterments to property and equipment. With liberal expenditures made possible by the contemplated assessments the Wabash would become indeed a rejuvenated road."

With the idea of recouping in measure for the many increases in wages during the last two years, railroad managers may ask the government for a general increase in freight rates. The continuous demands of the different lines of employees, conductors, engineers, trainmen, station and yard, for higher wages, with a parallel and sliding reduction in freight rates in many districts, is the cause of the proposed move.

Not only have wages in all classes of transportation employees been boosted repeatedly during the last two or three years but the cost of supplies has soared, and in nearly every state there have been a score of acts that meant big expenditures for the lines.

## MORGAN COUNTY TEACHERS HOLD PROFITABLE SESSION FRIDAY

Time Devoted to Papers and Discussion — Business Session This Morning.

Interesting papers and profitable discussion occupied the time of the Morgan county teachers institute Friday. The attendance was good, city schools and the schools of the county having adjourned for the occasion. The session this morning at 9 o'clock will be taken up with matters of business. Burley Jones is the presiding officer of the institute and Miss Nannie Campbell is the secretary.  
Manual training for the country schools was the theme of an interesting and valuable discussion at the 10 o'clock session. Stress was laid by those defending the proposition on the cultural value of this subject in the curriculum, on its immense field for practical application and the increasing demand for it by school patrons. Children of the farmers should be given the same educational advantages as those of the city dweller. A number of the county teachers took exception to this, saying that the addition of manual training to the course taught in country schools would be extremely difficult if not impossible by reason of deficiencies in equipment and lack of time. The interesting part in the discussion were Miss Anna G. Brown of the manual training department of the Jacksonville high school who introduced the subject, Mrs. Koch, Principal Gore, County Superintendent Montgomery and Messrs. Hillier, Gould, Whitlock, Staley and Lowery.  
Miss Ruby Neville of the Woman's college opened the program of the afternoon with a very entertaining talk on her travels. Miss Neville talked particularly of her stay at Jerusalem and her word picture of the historic and sacred scenes there was of great value.  
By invitation Frank J. Heint, chairman of the department of rural affairs of the Chamber of Commerce appeared before the institute to speak of the Boys Corn clubs. Mr. Heint emphasized the need of co-operation of the country teachers if the work of the clubs is to be successful and pointed how clearly the welfare of teachers is closely related to improved farm conditions. If teachers are to receive higher pay the farms must first be made to produce more valuable crops. In speaking of conditions in Morgan county Mr. Heint quoted from the census to show that the corn crop in this county averaged less than forty bushels to the acre. It should be raised to fifty bushels he said and thus increase the yearly corn crop returns more than a million dollars.  
J. H. Dial, of Murrayville, read a paper of much interest entitled "The Old and the New." The kind of a person the instructor of the youth should aim to be was the theme of the talk by the Rev. Fredric Baylis of Chapin. His remarks were speeded with sufficient anecdote to keep his hearers laughing a good portion of the time. "School Progress" by Roy Schofield of New Berlin voiced many of the latest ideas in educational reform. A reading was given by Miss Frances English of this city who was especially well received.

INTEREST IN MURPHY-WOLGAST BOUT.

San Francisco, Cal., April 18.—Boxing fans are manifesting a lively interest in the 20-round bout between "Harlem" Tommy Murphy and Al Wolgast, which is slated for decision in the Cofroth arena here tomorrow. The 20-round draw fought by Murphy and Wolgast here several months ago was one of the fastest fights seen on the coast in a long time and this fact accounts largely for the interest displayed in their return engagement. Murphy has been training faithfully ever since his arrival here some weeks ago. Wolgast was a little tardy in beginning his work of preparation, but the reports from his camp to day state that he is in the best of condition for the encounter. The sale of tickets indicates that the fight will be witnessed by a large crowd.

## The Art of Correct Dress

## Have You Seen the New Bulgarian Silks?

To be correctly dressed this season you must give more than ordinary consideration to the embellishments of your costume. Trimmings are gorgeous, in both design and colorings, the latest accepted whim being the Bulgarian Silks. These silks come in such quaint styles and lend so charming a contrast to any dress material as to make them especially desirable.

Buttons are also given a prominent place as an embellishment, and in this article we are prepared to show you some unusually effective styles. The crystal button is one of the new ones, and when you see what a touch of smartness it imparts to the dress you will little wonder at its popularity.

The most effective usage of these new style features are found in Pictorial Review Fashions

The above illustration depicts a classical array of the celebrated Pictorial Review styles. Each week the demand for these patterns increases. They supply a long-felt want.

### NEW METHOD FOR CURE OF PNEUMONIA UNDER EXPERIMENT

Announcement of Positive Cure Not Yet Warranted But Treatment Brings Improvement.

New York, April 18.—A new method of treatment aimed to cure pneumonia is under experiment at the Rockefeller Institute, it was announced today by Dr. Clarence A. McWilliams, a physician who has worked with the medical investigators at the institute. The announcement of a positive cure is not yet warranted, Dr. McWilliams said, but improvement in pneumonia cases under the new treatment has been noted. Patients who have been inoculated with a serum prepared in a manner different from that attending the discovery of other serums are under observation at the institute. According to Dr. McWilliams, announcement of the success or failure of the method may be expected two to six months hence in the institute's Journal of experimental medicine.

The origin of the new serum is based on a theory that the bacillus that causes the disease is in two strains both of which might not be found in the same patient and that a specific cure for each must be found. Two sets of horses were inoculated with the separate strains and two serums obtained. With these serums two sets of mice were inoculated, while at the same time sputum from the patient was also injected into the mice. Through this method the physicians, according to Dr. McWilliams' description of the investigators' efforts were in a position to determine which strain of the bacillus had afflicted the patient, who was then inoculated with the serum affecting that particular strain.

The development of the antitoxine is declared to be the result of two years of research centered upon a study of the organism causing pneumonia.

#### IN THE SPORTING WORLD.

CINCINNATI, O., APRIL 18.—Reports came from Kansas City tonight that Johnny Kling, the baseball catcher, had signed a contract to catch for the Cincinnati team during this season. It is stated, however, that there is a provision in the signed contract which gives Kling his unconditional release at the end of the present season.

OAKLAND, CALIF., APRIL 18.—Tommy McFarland won a four round decision tonight over Phil Knight of Kansas City.

DENVER, APRIL 18.—Frankie Whitney of Cedar Rapids, Ia., and Eddie Johnson of Pueblo fought ten rounds to a draw tonight.

NEW YORK, APRIL 18.—The national championships of the amateur fencers' League of America was decided here tonight. The women's championship with foils was won by Mrs. William H. Deware of Philadelphia. The men's championship with foils was won by Paul Murlan of the fencers' club of New York.

BUFFALO, N. Y., APRIL 18.—Soldier Kearns of Brooklyn knocked out Jack Geyer of Denver in the eighth round of a bout scheduled to go ten rounds here tonight.

### STATE NEWS.

Two Cars of Oil Loaded.—Recently two cars loads of oil, approximately 500 barrels, were pumped from the tanks on the Frank McClure farm, southwest of Carlinville. The cars were on an interurban siding, just south of Carlinville and have been taken by the Standard Oil Co to their headquarters near Alton. The wells will be pumped and shipments made as rapidly as possible. There is a likelihood that other wells will be put down on this farm.

Plow Concern Buys Plant.—The Moline Plow company, according to C. A. Banister, treasurer, has purchased at a cost of about \$1,000,000, the assets of the Chattanooga Plow Company.

Accident to a Child.—Recently at a farm near Smithfield the little 5-year old daughter of Mr. and Mrs. Bert Clovis, while riding with her father on a disc stalk cutter, fell and got caught and was horribly mutilated. One of her legs was so badly cut that it is feared that amputation will be necessary.

Roadhouse to Be Central Station.—The poles to convey the transmission lines of the Central Illinois Public Service company have now reached White Hall and the workmen are now located at Roadhouse with the work of stringing the line, and will soon reach White Hall. It is evident that Roadhouse is to be made a central power station, temporarily at least, and it develops that it is the purpose to secure power from Keokuk when all arrangements are completed.

Will Entertain Children of Flooded District.—It has been the custom of each newly elected mayor of Pittsfield to provide a treat for the children of the city who called at the residence of each mayor on some evening designated by him. This year Mayor J. A. Allen, who was re-elected has decided to call the children together as usual and suggest to them that the treat be dispensed with this year and the money applied for a treat for the children of Valley City and other Illinois river towns in the county where the high water has wrought so much damage. The citizens of Pittsfield will assist Mayor Allen in the matter and a considerable sum will be raised.

Jersey County to Celebrate.—Celebration of the 74th anniversary of the formation of Jersey county will be observed in Jerseyville under the auspices of the Jersey County Historical society, August 5, 1913.

J. Stanley Browne Under Knife.—J. Stanley Browne, member of the state civil service commission, underwent an operation for appendicitis Thursday at Rockford. His condition is serious, but recovery is predicted.

Receives Confederate Money.—The government has been quite generous with Lowe Post, Grand Army of the Republic, in Jerseyville. Last week they presented the post with \$150 in cash. It was confederate money and is only good to look at. Captain Boynton mounted the bills and they are now displayed in a frame on the walls of the hall.

Railroad Is Incorporated.—The Lomax Terminal Railroad company was incorporated by Secretary of State Woods, Wednesday. The principal office is Lomax and the capital stock is nominally \$25,000. The road is to be constructed from Nauvoo, Hancock county, through the counties of Hancock and Henderson to Stronghurst, Henderson county. The incorporators and the first board of directors are William T. Love, J. F. Smith, C. H. Kinsner, H. W. Beardsley and L. O. Beardsley all of Lomax.

Confiscated Fish.—Five confiscated barrels of illegal fish were distributed to the Springfield hospital, St. John's hospital, St. Joseph's home, Old Ladies' home and the Episcopal orphanage. The confiscation occurred at the Wabash passenger station under the direction of William Courvey of Bloomington, deputy fish warden for Illinois. Dealers in Liverpool and Havana are said to have shipped the fish contrary to law.

Beardstown May Build Levees.—A sufficient levee to the east of the city and another to the west, it is believed would solve the question of ample protection for Beardstown property at the highest stages of water. The matter of levees and protection against high water stages was the theme under consideration at a special meeting of the Chamber of Commerce in Beardstown recently.

Elgin Residents Become Boosters.—Five hundred Elgin residents met on the common level of Boosters recently, sang Booster songs with "leather" lungs, cheered Booster talks and listened to a fine line of Booster entertainment. In short, fun ran riot and every man present limbed enough Booster spirit to charge a whole neighborhood. Merchant princes, factory superintendents and officials, and prominent professional men, rubbed elbows with the great middle class, smoked the corn cob pipe of peace and harmony and were happy.

### ALLEGED SWINDLER OF CHICAGO WOMEN CAUGHT

Women Claim to Have Been Fleeced Out of \$26,500 in Chicago Last November.

Chicago, April 18.—James Ryan, wanted for alleged complicity in a swindle by which two women claim to have been fleeced out of \$26,500 in Chicago last November has been arrested at Cheyenne, Wyo., according to a telegram received by the local police late today.

The women victims were Mrs. Mary Rapp, Naperville, Ill., who says she lost \$11,000 and Mrs. Hope McEldowney, Salem, Wis., who says she lost \$15,500.

Frank M. Ryan, a brother of James Ryan who posed as a clairvoyant, is accused of being the "engineer" of the alleged swindle. The police think the man arrested in Cheyenne may be Frank Ryan. Chicago officers are to leave for Cheyenne tomorrow.

According to the local police records Mr. Rapp and Mrs. McEldowney answered advertisements of Frank Ryan who induced them to invest in worthless stocks and bonds. The police say James Ryan was an accomplice of his brother and that both disappeared after the women had "invested" their savings.

The man who says he is James Ryan was caught by Sheriff A. R. Rogers of Lusk, Wyo., who brought his prisoner to Cheyenne.

### COMMITTS SUICIDE

WITH CHILD IN ARMS.

Chicago, April 18.—A woman who registered at a downtown hotel as Mrs. R. C. Davison of Bellaire, name of state not given, thought to be Washington, spent \$4.50 to purchase a white suit for her baby's funeral, took the child upon her knee and rocked him to sleep while two gas jets, opened wide, slowly asphyxiated them. The bodies were found today when the door of the room was broken open. There was one penny in her purse when it was examined by the police.

Police learned from a guest at the hotel that Mrs. Davison had mailed a letter several days ago to R. C. Davison, St. Louis, Mo. He was unable to remember the address.

### FIVE MORE WITHDRAW.

St. Louis, Mo., April 18.—The withdrawal to day of five more fire insurance companies has brought the total number that have announced their intention of doing no more business in Missouri up to 25. There are about 150 companies writing risks in the state. A general withdrawal is expected at the end of the month.

London, April 18.—It is stated on apparently good authority that the government has at length determined on drastic repression of the militant suffragettes. The women's social and political union their central organization, is, it is said, to be declared an illegal body; the headquarters are to be closed and the funds are to be attached.

## WIDMAYER'S

CASH MARKET  
217 West State Street

Bloomington Pantagraph: Ex-Governor Douglas of Massachusetts, the wealthy shot manufacturer, has just married his housekeeper. It may be well for the girls to remember that the good housekeeper ranks well up with the trained nurse and the typewriter in throwing the matrimonial lariat.

Action on the part of Postmaster General Albert S. Burleson, involving the appointment of a commission to investigate the "actual financial, physical and working condition of the postal service," is regarded by business men all over the country as the initial step towards one-cent letter postage.

The effort which finally resulted in track elevation at Joliet began thirty seven years ago. The men who started the struggle have nearly all passed on but the work which cost the railroads \$2,000,000 was finally accomplished and now the railroads are wondering why they did not agree to the plan years ago. The elevated tracks have done away with dangerous grade crossings and have facilitated the heavy railroad business done at Joliet. Judging by the patience Joliet citizens showed in securing the needed improvements advocates of more light in Jacksonville have no reason to be discouraged.

It is a fitting thing indeed that the centennial of Stephen A. Douglas "the little giant" who had such a prominent part in the earlier history of Illinois should be observed in accordance with plans outlined by the general assembly of the state. Douglas as an attorney, in days preceding the war had occasion to visit Jacksonville a number of times and there are a good many older citizens who remember having seen him here. Hon. Adlai Stevenson of Bloomington who will make an address at the centennial ceremonies is the only man living who was a Democratic presidential elector in the campaign of 1864.

The Chicago Tribune is urging the passage of the Tice good roads bill as a measure which will greatly increase the values of farm products in Illinois. "Because of the efficiency of railroad transportation and the inefficiency of country roads, the Idaho farmer can compete in the Chicago markets on fair terms with the natives of Illinois. Fortunately evil has been recognized and an efficient remedy proposed in the Tice good roads bill now before the legislature. If the bill is adopted the three or four million dollars contributed for road taxes, which now is wasted and stolen, will go into hard roads for the benefit of consumer and producer alike."

The State Register is strongly urging the passage of the Dunne utility commission measure by the general assembly. The Register asserts with truth that while utility commission measures were conceived primarily to protect the interests of the people in dealing with corporations that such measures may be so constructed as to be a detriment to the people, aiding corporations in more securely entrenching themselves. The Dunne measure has a provision which makes it optional for adoption, by cities of 25,000 or more. It may be a good measure for cities of that size but what Jacksonville citizens want to know is how it will affect cities of this size, cities which must act under it in case the measure becomes a law.

The legislature of Michigan is acting favorably upon a bill, the purpose of which is to offer state aid and support to mothers who are fighting to keep their families together and who are finding the battle too hard. Those to whom the bill is intended to apply are classified in its terms as follows:

"If the mother of such dependent or neglected child is unmarried, or is a widow, or deserted by her husband, or if divorced and is poor, a proper guardian, and it is for the welfare of such child to remain in the custody of its mother, the court may enter an order finding such facts and fixing the amount of money necessary to enable the mother properly care for such child, such amount not to exceed \$3 a week for each child."

**A GREAT AND NECESSARY WORK**  
We are all exposed to the germs of tuberculosis. When the germ finds suitable soil it grows. The person whose family preceeding him were tubercular inherits a constitution which is susceptible to this disease. In other words he is predisposed. The chances are that every person is at times in a condition suitable to contract it.

It is estimated that each victim on an average inoculates at least three persons. In view of the above facts the movement for the development of the caring for, the cure and the prevention of consumption is a great work.

### BENZOL AS A FUEL

The use of benzol as a fuel is increasing day by day in England. The recent advance in the price of gasoline was the last straw and riders have decided to wake up out of their lethargy and see what can be done in the way of checking the swelling funds of the big oil trusts. Many experiments have been made, and in almost every case absolute satisfaction has resulted. The demand for benzol is becoming so great in fact that the supply is inadequate, and where the cute riders who first used the substitute were at one time able to procure their motive spirit they now find themselves unable to buy. The big firms will probably regret the grab all policy which made them put up the price of gasoline. Consumers cannot be expected to pay through the nose whenever a chance of putting up the price avails itself, and the consumer has at last come to his senses. Meanwhile the big money prize offered by the Society of Motor Manufacturers and Traders for a really efficient substitute for petrol remains to be won.

## BACKACHE A SYMPTOM

Of More Serious Illness Approaching. Mrs. Bender's Case.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Read about Mrs. Bender's experience.

St. James, Mo.—"About a year ago I was irregular, had cramps every month, headache and constant backache. I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash and I am relieved of all my troubles and am in perfect health. I shall recommend your medicine to all my friends and you may publish this testimonial for the benefit of other suffering women."—Miss ANNA BENDER, St. James, Missouri.

Another Case.  
Dixon, Iowa.—"I have been taking Lydia E. Pinkham's Vegetable Compound for some time and it has done me much good. My back troubled me very much. It seemed weak. I had much pain and I was not as regular as I should have been. The Compound has cured these troubles and I recommend it to all my friends."—Mrs. BERTHA DIERKSEN, Box 102, Dixon, Iowa.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

### TO BETTER LAND CONDITIONS.

The first meeting of boys who want to join the Morgan County Boys Corn club and contest for \$300 cash prizes was announced for 12 o'clock noon at the Court House Friday. Remarkable but true, there were only a few boys there and so far as now recorded only about a dozen boys in the county have enrolled for work. At the afternoon session of the County Teachers institute the chairman of the department of rural affairs of the Chamber of Commerce mentioned that it seemed strange indeed that more boys did not attend the noon day meeting and still stranger that not a single teacher was present.

Can it be that Morgan county farmers and their sons and Morgan county teachers are not alive to the importance of the agricultural problems that press upon this county? Land values locally have doubled within the past ten or twelve years, that is the price of land has advanced to that extent but the crops produced have not kept pace with this advancement. As a matter of fact Morgan county land is not producing what it should per acre and the census report shows that the average production of corn in the county is a fraction less than 40 bushels to the acre. This average ought to be at least fifty bushels and it is with the hope of bringing this to pass as well as a soil fertility which will increase the yields of other crops that the Boys Corn club is being organized here.

A man who knows said yesterday that it was five years after practically all the farmers of McLean county were using riding plows that Morgan county farmers began to ride. The same has been true of some other implements of improved type designed to aid in farm work, and it is also true that land values in this county did not reach the present mark until several years after the same kind of land was selling in other counties of the state at like prices.

Can it be that Morgan county farmers are going to be slow in recognizing that the lands of the county must be made to produce more and that the fertility must be increased and not dissipated? There are many high priced farms in Morgan county which are paying a fair return on the money they represent but still a greater number, if the matter were figured out on a business basis, are not paying more than two or three per cent to the owners.

### BED CLOTHING CATCHES FIRE.

Manuel DeMatta, who resides at 800 Ashland avenue, was quite painfully burned at his home Wednesday night. Mr. DeMatta is 33 years of age and has been confined to his bed for some time. Wednesday night when he lighted his pipe, the match set fire to the bed clothing. He called to his wife, who was in the yard at the time, but by the time she could extinguish the flames he was badly burned about the chest, the right side and the right side of his face. Dr. T. O. Hardesty was called and gave the necessary attention. On account of the man's advanced age it is not known just how serious his injuries are.

### STORY OF WAR BOUNTY JUMPER IS RELATED

Dick Lane, Reformed Burglar and Safe Blower, in Reminiscences of His Early Days Tells of Visit to Jacksonville in the Early Sixties.

The story of Dick Lane, or "Dead-eye Dick" Lane, as he was known to the underworld and to the police department in various cities, was related at length in the Chicago Inter-Ocean recently. In one of his stories Lane told of a visit he made to Jacksonville years ago and a portion of the narrative is here retold. Richard Lane was for forty years a thief, and according to his record as related by himself, had helped to steal at various times money to the amount of two millions dollars. He was a successful burglar, safe blower, bank robber, pickpocket and confidence man. He was born in Philadelphia and at the age of 12 years he fell into bad company, stole a thousand dollars and ran away from home. He was a master of his art and at one time had as much as \$40,000. There came a time, however, when he was without a friend, home, overcoat or the price of a bed or a meal.

**Turned Down By Pal.**  
It was in January, 1895, that he was on the street in Chicago, and asked aid of a man warmly dressed in furs, who passed him, while he stood shivering without an overcoat. The man was "Chicago Jack," known as "King of the petersmen," one of his pals, but Lane was notified the police were on his track and he had best skip. Not knowing where to go, Lane wandered into the old Pacific Garden Mission at 67 West Van Buren street, where he was cared for by Harry Monroe, who had charge of the mission. He was converted and from that day he devoted his life to the conversion of others. His work became famous the country over and when he died recently, the victim of a crook he had befriended, his passing was noted from one coast to another. He was 78 years old at the time of his death. His conversion was in some respects dramatic. Speaking of the occasion, Lane said:

**Lane in Pacific Garden Mission.**  
"I went in there because I wanted a place to hide. God and Harry Monroe took me in, and God has never thrown me down, like 'Chicago Jack' did that night. God never throws a pal down. His chosen always walk in the light of His love and confidence."

In civil war times Dick Lane became one of the most notorious "bounty jumpers" in the country. Bounty jumpers enlisted in the army at the time recruits were scarce and the government was paying a premium of from \$400 to \$600 on enlistments. The story of his experience as a substitute from Jacksonville as related by himself is as follows:

"While I don't draw any pension for figure very considerable in the G. A. R. reunions, I guess I have an army record about as hard to beat as the bounty over twenty different times. I took a longer chance in one night to escape being a soldier than a lot of those brave did trying to be soldiers throughout the whole war. Maybe if the pen hadn't been staring me in the face I would have been wearing one of those little brown buttons now—and I'd be mighty proud to wear one."

**A Visit to Jacksonville.**  
"This was back in '63. I had heard that there was something to do in the way of bounties in Jacksonville, Ill., when they were after the regular bunch behind in Chicago. And it was right, sure enough. They was offerin' \$600 a man and the company was almost filled. I didn't have time to send back for the mob and didn't want to pass up so easy a thing as that, so without stoppin' to think of the getaway I went in, put down a phony name, passed the examination, got the bundle of coin, and there I was—a soldier."

"Then I began to frame up how I could sneak with the \$600, but I found I was up against a fierce game. Some other wise guys had come down from Chicago before I landed and trimmed them good, and they wasn't takin' any chances—none at all. The sentries was right there, Johnny on the spot, with loaded muskets, prepared to keep all the heroes in line till they were at the front, where the fellows in gray would do the rest. It didn't worry me then much, because I figured I'd have a chance to duck before we left, but that night the company was filled and we started for the south. But then I did get a scare. Some of the officers told us that at Springfield a man named Keys was to take charge of us. I 'rubbered' and sure enough it was the same Keys, the fellow who'd been prove marshal at Springfield when I'd been pinched there two years before. He knew me like a book and I knew he'd rap the minute he threw his lamps on me."

**Afraid of Keys.**  
"Of course I was regularly enlisted, but what wouldn't throw him off? He'd tumble in a second that I'd gone in under a phony name and wasn't on the square. They'd the ninestigate the bounty jumpin' and I could feel that I would be the fall guy. That Keys didn't like me anyway, and before he got through with me I could see myself in the pen or lined up against a wall for a lot of regulars to empty their muskets into. So it was for me to duck, and duck quick."

"We was on the train by that time, and this Keys would meet us in Springfield, so there was only one thing to do—not to land in Springfield. There was no chance to beat the sentries at the door, so I took the only other way. I asked one of the guards to take me to the toilet and when I got inside the little room I turned the key quietly."

"I turned the key quietly. I then I opened the window and looked out. It was growin' dark and the train was 'shottin' along—forty miles an hour."

**Jumped From Car Window.**  
"Say, but those cool lookin' woods off in the distance looked good to me, though I never was tacky about the country. I took a flash at the ground alongside the track, but couldn't see it—it was too dark by this time. If I stopped to consider I'd never taken a chance, and I knew I'd lose my nerve if I waited, so I threw the little window up, slid out feet first till I was clear and pushed myself off. I struck a bad spot, where the bank sloped down for a second, I hit the gravel hard for a second, and then rolled back in a ball towards the train. Even though I was half stunned I felt that it was off with me and wondered if it would hurt much when the whole train struck me."

"I could hear the whir of the train, felt myself strike the rail and closed my eyes for the flash, but it didn't come. When I opened them again I could see the red and green lights of the caboose a half mile away, just turnin' round a curve. I've never been able to figure out since just how I escaped, but I must have been in the last passenger coach—though I didn't know that when I jumped. By the time I'd hit and rolled back, the coach and caboose had passed and I was on the track alone. I was pretty badly smashed up and sore at that, but there wasn't any bones broke and I wasn't worryin' about minor details."

"As soon as I could get my feet I ducked to the woods and hid. I slept there all night and next day and then started back for Springfield. I had to be mighty careful, though, because I had the 'swallow' on—that's what they called soldier clothes then—and I was liable to get nailed any minute as a deserter. But

I had a couple of good friends in Springfield, especially one old tad that ran a saloon there, and I crept in after dark and located the dump all right."

"He fixed me up all right and that mornin' came around all excitement and told me they were offerin' a bounty of \$750 in a new company they were raisin'. He wanted me to go over and enlist right away, but I just waved him away and felt the bumps along my body and said, 'Nothing doing.'"

### PICTURE OF "GREAT WHITE WAY"

J. F. Claus has a photograph of Broadway, "The Great White Way" of Gary, Ind., that was sent him by W. S. Talbott, a former resident of Jacksonville. The picture was taken at night and shows the street brilliantly illuminated with electric boulevard lights. The street starts at the steel mills and runs for miles east through the city and along it, on both sides are three little boulevard lights, and a number of lights are placed between the two street car tracks. At the corners five light poles are placed.

### CLEAN-UP DAY IN TEXAS.

Austin, Texas, April 18.—In pursuance of a proclamation issued by Governor Colquitt today was observed as "clean-up day" in cities, towns and villages throughout Texas. A reduction in the annual fire loss of the state was the chief object of the movement. With this end in view civic bodies and individual citizens joined in a general campaign for the removal of refuse, trash and debris which might subject property of any kind to destruction by fire. In all the public schools the day was set aside for fire drills and instruction in regard to fire hazards and the simple methods of fire prevention and rescue work.

## HANDS ITCHED AND BURNED

So Sore Could Not Close Them. Started With Rash, Just Terrible, Broke Into Sores, Could Not Sleep. Cuticura Soap and Ointment Cured Him Entirely.

Albatsford, Wis.—"My son had eczema on his hands for about one year. The eczema started with a rash. His hands were sore so he could not close them, and when he wet his hands they hurt him so he could hardly wash. His hands itched and burned just terrible and if he would scratch them, they would break out into sores. He could not get any rest or sleep, and his hands looked quite bad."

"We had medicine and salve and it kept getting worse all the time. I got some Cuticura Soap and Ointment, and after washing his hands with the Cuticura Soap and putting some of the Cuticura Ointment on two times a day and tying cloths on them for about six months they got well and have not broken out since. Cuticura Soap and Ointment cured him entirely." (Signed) Mrs. Laurence Kiehl, Feb. 13, 1912. Not only are Cuticura Soap and Ointment most valuable in the treatment of eczemas and other distressing eruptions of skin and scalp, but no other emollients do so much for pimples, blackheads, red, rough and oily skins, itching, scaly scalps, dry, thin and falling hair, chapped hands and shapless nails, nor do it so economically. Sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston." Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

## Grandma Talks About Babies

Has a large Circle of Listeners Who Profit by Her Wisdom and Experience.

In almost any settled community there's a grandma who knows Mother's Friend. Not only is she reminiscent of her own

experience, but it was through her recommendation that so many young, expectant mothers derived the comfort and blessing of this famous remedy.

Mother's Friend is applied externally to the abdomen, stomach and breasts, allays all pain, avoids all nausea, and prevents caking of the breasts. It is quickly and wonderfully penetrating, permits the muscles to expand without the strain on the ligaments, and prepares the system so thoroughly that the crisis is passed almost without the slightest distress. Thus there need be no such thing as dread or fear. No better nor more cheering advice can be given the expectant mother than to suggest the use of Mother's Friend. She will take courage from the beginning. The days will be cheerful, the nights restful. Thus the health is preserved, the mind is at repose and the period is an unending one of quiet, joyful anticipation.

You can obtain Mother's Friend of any druggist at \$1.00 a bottle. Do not forget or neglect to be supplied with this greatest remedy ever devised for motherhood. It is unfailing. Write at once to Bradford Regulator Co., 133 Lamar Bldg., Atlanta, Ga., for their very interesting and instructive book of advice for expectant mothers.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

READY FOR GREAT MARATHON  
RACE SCHEDULED FOR TODAYSeventeenth Annual Event Will Be  
Run Over Twenty-Five Mile Course.

Boston, Mass., April 18.—Tomorrow the seventeenth annual American marathon race, over the twenty-five-mile course from Ashland to Boston, will be run under the auspices of the Boston Athletic association. The race will be over the same course as in previous years, and one of the largest fields that ever participated in a distance run is expected to start.

Ever since the first of the B. A. A. marathons the event has grown steadily in importance until now it is recognized as the premier contest of its kind in America. When the Olympic team representing the United States went over to Athens in 1896, Americans knew little or nothing concerning distance running and were beaten decisively. The Boston Athletic association noticed that there was a chance to have marathon running come into prominence, and its first event came April 19, 1897, which went to J. J. McDermott, a New Yorker.

Of late years the race has attracted runners from many sections of the country. In 1900 the event attracted the attention of Canadians and every successive year since then there has been an increased number of entries from across the border. J. J. Caffrey, of Hamilton, Ont., was the winner in 1900. He turned the trick again the next year and is the only runner who ever repeated his victory in the classic event. Tom Longboat, wearing the colors of the West End Y. M. C. A. of Toronto, was the winner in 1907. Three years later Canada scored another victory, when Fred L. Cameron, of Amherst, N. S., was the first to cross the tape. The fastest time ever made in the race was last year when Mike Ryan, the famous long-distance runner of the Irish-American A. C. of New York, covered the distance in 2 hours 21 minutes and 18 1-5 seconds.

## WESTERN LEAGUES

GETS UNDER WAY. Omaha, Neb., April 18.—With utter disregard for all Friday superstitions the Western league started its championship season to day, and if the predictions of league officials and the club owners are fulfilled the year will be one of the most successful in the fourteen years' history of the organization. From the Denver champions down to Topeka, the tailenders, all the clubs are reported in good shape for the race.

The league circuit is the same as last season and there have been very few changes either in managers or among the prominent players. The only managerial change is at Lincoln, where Charley Mullen, formerly of the Chicago White Sox, has been engaged to pilot the home team.

In the opening games Lincoln lined up at Wichita, Denver at Topeka, Des Moines at St. Joseph, and Sioux City at Omaha. The season's schedule provides for 168 games to be played in four trips around the circuit by each team. The season will close October 5.

Visitors Bunch Single and Mitchell's Home Run in First For Their Only Run—Saltee Was Air Tight After Initial Inning.

ST. LOUIS, MO., APRIL 18.—St. Louis turned the tables on Chicago here today, winning in easy fashion 8 to 2. The game was featured by long hits, three home runs being made, Mitchell, Magee and Saltee sending the ball over the right field fence for the circuit.	
Chicago bunched a single and home run in the first for their only runs, Saltee settled down after this and Chicago could do nothing with his curves.

## ON THE SIDE LINES.

That was some brilliant rally the Red Sox pulled off on Big Chief Bender yesterday. Three doubles and two singles were gathered in the last round off the old warrior's delivery.

Joe Tinker put on the hero stunt at Pittsburgh when he saved the game for the Reds in the ninth. That three bagger tied up the score so tight that no one was able to untie it.

"Nap" Rucker was defeated for the second time this season in a pitchers' battle with Sexton. The boys sure put up some scrap. A total of twelve hits were made during the game with no errors.

The Cubs were unable to score after the first yesterday. After Saltee settled into his stride the Chicago bunch couldn't see 'em.

The Giants turned loose in great shape on the Braves and gathered a total of twenty hits off Tyler and Brown. McGraw's aggregation jumped into the lead early, making ten runs in the first two innings.

Captain Doyle and Manager Tinker were both benched yesterday for arguing with the ump. Captain Sweeney of the Boston Braves was suspended three days for disputing a decision Thursday. A few suspensions and fines will make the boys think first before they argue with the umpire.

Steen, the Nap hurler, kept the four hits he allowed well scattered and Comiskey's team was blanked. Russell, who relieved Benz in the seventh, pitched a good game for Chicago, allowing but one hit and striking out five Nap batsmen.

The Highlanders again lost to the Senators after a plucky uphill battle in a slow game. Chance's crew made four in the seventh but were unable to overcome Washington's early lead.

The Western league opened auspiciously yesterday. The winners of the opening games being St. Joseph, Omaha, Lincoln and Denver.

The Browns took another from Detroit gathering three runs and twelve hits off Dube. The Tigers made five errors, which was largely responsible for their defeat.

Several long hits were recorded Friday. Mitchell, Magee, Saltee and Oldring being among those who are credited with circuit smashes.

You Will Need Money For Christmas  
and Other Purposes

HERE IS AN EASY WAY TO GET IT  
A SURE WAY TO HAVE IT

Join Our Christmas Savings Club, Which Starts April 21, 1913

In Class 5, pay 5c the first week, 10c the second week, 15c the third week, and so on for 33 weeks, and we will mail you a check two weeks before Christmas for \$28.05, plus 3 per cent interest per annum.

Or in Class 2, pay 2c the first week, 4c the second week, 6c the third week, and so on for 33 weeks, and we will mail you a check two weeks before Christmas for \$11.22, plus 3 per cent interest per annum.

Or in Class 1, pay 1c the first week, 2c the second week, 3c the third week, and so on for 33 weeks, and two weeks before Christmas we will mail you a check for \$5.61, plus 3 per cent interest per annum.

You May Reverse the Order of Payments if You Wish to Do So

For instance, in Class 5, going up, the payments start with 5c and end with \$1.65. If you desire to do so you may start with \$1.65 the first week and pay 5c less every week until the last week's payment will be 5c. In Class 2, going up, the payments start with 2c and end with 66c. If you desire to do so, you may start with 66c the first week and pay 2c less every week until the last week's payment will be 2c. In Class 1, going up, the payments start with 1c and end with 33c. If you desire to do so, you may start with 33c the first week and pay 1c less every week until the last week's payment will be 1c.

You may join Class 5 going up, starting with 5c and Class 5a coming down, starting with \$1.65, which would give you a fixed weekly payment of \$1.70, giving you for 33 weeks' payments \$56.10, plus 3 per cent interest per annum.

You may join Class 2 going up, starting with 2c and Class 2a coming down, starting with 66c, which would give you a fixed weekly payment of 68c, giving you for 33 weeks' payments \$22.44, plus 3 per cent interest per annum.

You may join Class 1 going up, starting with 1c and Class 1a coming down, starting with 33c, which would give you a fixed weekly payment of 34c, giving you for 33 weeks' payments \$11.22, plus 3 per cent interest per annum.

Payments Must Be Made Every Week, or May Be Made in Advance

Can you think of an easier way to provide money for Christmas presents? Join yourself. Get everyone in the family to join. Show this to your friends and get them to join. We recommend that you begin

A young man recently applied for  
a position with a large printing  
house, and not having a letter of  
reference, offered his bank book. It  
showed a regularity of entries of de-

## THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

### DRIFT OF STOCK PRICES DOWNWARD

#### TRADING WAS OF SAME LISTLESS CHARACTER AS ON RECENT DAYS.

Absence of Outside Speculative Inter-  
est Continues and Offering of  
Stocks Were Principally in the  
Nature of Professional Short Sell-  
ing.

(By Associated Press)  
New York, April 18.—The drift of prices  
was downward on the stock exchange to-  
day, although the pressure of selling  
was not severe and few important stocks  
lost more than a point. Trading was of  
the same listless character as on recent  
days. There was a continued absence of  
outside speculative interest and offerings  
of stocks were principally in the nature  
of professional short selling.

Bear traders felt that their position  
was reinforced by the result of the of-  
fering of the new St. Paul 4 1/2 per cent  
bonds. The fact that even the compara-  
tively high rate of return was not suffi-  
ciently attractive to capital to call forth  
subscriptions for the entire issue was  
regarded as significant of the conditions  
which will confront other applicants for  
capital. Sale of more than \$3,000,000 of  
these bonds, however, showed that capital  
is available provided borrowers adapt  
themselves to present conditions. The  
new St. Paul bonds again sold on the  
stock exchange at 1/4 under the subscrip-  
tion price.

There was further pressure on some  
stocks which have been affected recently  
by new financing. Baltimore & Ohio  
dropped to 98 1/2, the lowest since 1911.  
Southern Pacific was sold heavily at  
100. Its weakness being attributed to  
the belief that Union Pacific's holdings  
of that stock might be placed on the  
open market should the latest dissolution  
plan be approved by the courts. The com-  
pany shares also were heavily sold and  
among the specialties there were a number  
of sharp declines.

The result of the week's current move-  
ments apparently has been to strengthen  
the position of the banks' forecasts based  
on known movements pointing to a cash  
in of \$6,000 or \$7,000.

Money rates were inclined to be easier.

## SCIENCE PREVENTS BALDNESS

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 5c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## LITTLE CHANGE IN TRADE SITUATION

NO FUNDAMENTAL OR PERMANENT CHANGE IS APPARENT.

Winter Wheat Conditions Are All That Could Be Desired—Feeling of Confidence Generally Prevails in Mercantile Circles.

New York, April 18.—Duns Review will say tomorrow: While the principal industries and trades are still experiencing some abatement of activity as a result of the recent floods in the west and the conservatism produced by the pending tariff readjustment, there is apparently no fundamental or permanent change in the situation. The reduction in the bank of England rate of discount to 4 1/2 per cent; the financial improvement in Germany and the easier tendency of money in our own markets, are among the most favorable developments of the week.

Moreover winter wheat conditions are all that could be desired, forecasting a very large yield. A feeling of confidence generally prevails in mercantile circles. Railroad gross earnings declined 3.3 per cent in the first week of April, due mainly to the reduced traffic on roads affected by the floods.

**Bradstreet's Report.**  
New York, April 18.—Bradstreet's tomorrow will say:

Better weather, excellent winter wheat crop reports, renewed activity by farmers, resumption of operations in the flooded districts of the central west and a more reassuring outlook in the lower Mississippi valley are the leading favorable features of the week. Over this must be set the increased tariff discussion principally in regard to the textile industries in the eastern states of the country and the continuance of a degree of stringency in money, despite more evidences of easing, both at home and abroad. On balance the situation presents a favorable condition, because of the displacement of cold, wet weather, by sunshine and warmth.

Business failures for the week ending April 17th, were 290, which compared with 260 in the like week of 1912. There were 21 failures in Canada.

## BANK CLEARINGS.

New York, April 18.—Bradstreet's bank clearings reports for the week ending April 17th, shows an aggregate of \$3,402,029,000, as against \$3,072,642,000 last week and \$3,671,538,000 in the corresponding week last year.

**Are Colds Catching?**  
It is claimed that most colds are catching as measles and that one should avoid the association of anyone who has a cold. Never permit anyone who has a cold to kiss your child. Avoid crowded cars and poorly ventilated sleeping rooms. Then when you take a cold get rid of it as quickly as possible. Chamberlain's Cough Remedy used as directed will enable you to throw it off quickly and permanently. That preparation always cures and is pleasant and safe to take. For sale by all dealers.

**REMAINS SENT TO TENNESSEE**  
The remains of George Byrd, who was found dead on the Burlington right of way Thursday morning, were sent to Morristown, Tenn., Friday afternoon in care of Edward Collins, who accompanied the deceased to this county. Mr. Byrd was the only son of a wealthy Tennessee farmer.

## HANDICAPPED

This is the Case With Many Jacksonville People.  
Two many Jacksonville citizens are handicapped with bad backs. The unceasing pain causes constant misery, making work a burden and sleeping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause if the kidneys are weak. To eliminate the pains and aches of kidney backache you must cure the kidneys.

Doan's Kidney Pills are for weak kidneys—thousands testify to their merit. Can you doubt Jacksonville evidence?

Fred I. Gibson, 309 Woodland Place, Jacksonville, Ill., says: "I am always glad to endorse Doan's Kidney Pills just as highly as I did in 1909. At that time I suffered from kidney trouble and backache. The pain in my back was severe and when I would stoop over, it was hard for me to straighten. Seeing Doan's Kidney Pills advertised, I got a supply from Armstrong's Drug Store. They gave me permanent relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.  
Remember the name—Doan's—and take no other.

## WILL SUITABLY OBSERVE GETTYSBURG ANNIVERSARY

Adjutant General Dickson Sends Letter Seeking Information About Local Soldiers.

It is proposed to suitably observe the anniversary of the battle of Gettysburg the coming July and in prospect of the part Illinois old soldiers will play in the exercises Adjutant General Dickson is sending out letters to G. A. R. post commanders seeking the names of soldiers who took part in the memorable battle and are now living. W. H. Jordan commander of Matt Starr post is in receipt of such a letter and said that the only soldier residents of Jacksonville that he knows took part are M. Hellenenthal and Matthew Jensen.

The letter is given publication herewith in the hope of aiding in locating other soldiers.

Dear Sir:  
"On July 1, 2, and 3 instances, it is proposed to celebrate the anniversary of the battle of Gettysburg. This celebration will be held on the battlefield."

"The state of Pennsylvania has made a very large appropriation and in connection with the national government extensive preparations are being made to properly and adequately entertain, during this celebration period, the survivors of that great struggle. The commissioners having in charge, on the part of Pennsylvania and the government, this celebration are endeavoring to interest the authorities of the several states having troops in that campaign, to the end that some arrangement may be made whereby all those now surviving who participated may be afforded an opportunity to attend this celebration. A number of the states, through their general assembly, have made provisions, by appropriation, for the transportation of their survivors, and I am advised that it is desired to present this matter to the general assembly of our own state. However, in order to present the matter in some concrete form, such as will afford a basis for action by our general assembly, should they, in their judgment, desire to take favorable action, it becomes necessary to ascertain the names, company, regiment and present address of the survivors of this campaign within the state."

"In furnishing this information, I have advertised in a number of newspapers, and am asking the cooperation of the Grand Army posts of the state, and I should be grateful, indeed, if your post would cooperate with me in the securing thereof. I should like to be advised as follows:

First—The name, company, regiment and present address of those who enlisted in Illinois regiments participating in the Gettysburg campaign.  
Second—The name, company, regiment and present address of those who are now residents of Illinois, but who participated in the Gettysburg campaign as members of organizations from some other state.

**Cured of Chronic Constipation.**  
"For twenty-one years I suffered with chronic constipation," says C. W. Robinson, of Cordova, S. C. "In May, 1908, it had assumed a more serious form, resulting in indigestion, piles and neurasthenia. Life seemed a burden to me. Two famous physicians and one specialist with all their drastic drugs failed to help me. A friend advised me to give Chamberlain's Tablets a trial, which I did, and am pleased to say two bottles of them cured me." For sale by all dealers.

**Only One Way To END CATARRH**  
Reach the raw, tender, inflamed membrane infested with Catarrh germs, and destroy them.  
You can't reach the nooks and crevices with liquid preparations—there is only one way—breathe the germ destroying air of Booth's HYOMEI (pronounce it High-o-mei) directly over the inflamed and germ infested membrane.  
HYOMEI contains no opium, cocaine or other harmful drugs, it is a balsamic air made of Australian eucalyptus, thymol, and some Listerian antiseptics. It is guaranteed to end the misery of Catarrh and Croup or money back. It's fine for Colds and Coughs.

Ask Coover & Shreve about Booth's HYOMEI outfit today—it is only \$1.00 and Coover & Shreve guarantee it. Extra bottles, if later needed, 50 cents. Just breathe it—no stomach dosing.

## HORSES ARE DYING IN CENTRAL ILLINOIS

Fatal Epidemic Like to That in Kansas Is Causing Great Loss of Animals.

Farmers throughout this section of the state are feeling much alarm at the report of the fatal epidemic which is rapidly spreading among the horses in the farming sections near Delavan. The mysterious disease which has been diagnosed by the veterinarians as a form of forage poisoning, resulting, it is thought, from worm dust which is prevalent in the corn fodder this year. Horses afflicted with the fatal disease die within four to forty-eight hours after becoming sick and sometimes drop dead in their harness while being worked.

J. L. Meeker, a farmer living near Delavan, has lost four valuable horses during the past few days and has several other animals suffering from the epidemic. Other farmers in that section report the fatal malady among their horses and no little anxiety is felt for the outcome. Veterinary surgeons have thus far been unable to determine the exact nature of the disease and it is believed to be a form of the same scourge which killed thousands of horses in Kansas several months ago. No remedy can be found for the malady. The afflicted animals either drop dead or become violently sick and die within a few hours time. The disease is not contagious. Its rapid spread is accounted for by the fact that it is caused by a condition existing in the feed. The extent of the epidemic will depend entirely upon how wide spread the fatal poisonous worm dust is in the 1912 crop.

According to Dr. O. Silver and other veterinarians the disease is caused by the dust made by a small worm which eats its way into the end of the ear of corn before it is fully developed. The dust is light and is rapidly distributed over the stalk of the plant. Fodder which is gathered and shredded is more likely to contain the poisonous powder than stalks left standing in the field. The poison, the appearance of which is rare, is in almost every instance fatal to the horse. No successful antidote has been discovered. Cattle apparently are not affected by the poison.

Rheumatism as a result of kidney trouble, stiff and aching joints, backache and sore kidneys will all yield to the use of Foley Kidney Pills. They are tonic in action, quick in results, curative always. W. S. Skelton, Stanley, Ind., says: "I would not take \$100.00 for the relief from kidney trouble I received from one single box of Foley Kidney Pills." City Drug Store, J. A. Obermeyer.

**FROM WHITE HALL IN AUTO.**  
Russell Morrow of White Hall and his friend Mr. Baldwin came to Jacksonville Friday in their Packard car. The roads were not all that could have been desired and at one place it was necessary to have the assistance of a team of horses to pull the car out of a muddy place where the wheels cut in too deep.

## MOON ESTATE VALUABLE.

An inventory of the estate of the late Rebecca A. Moon, wife of Joseph W. Moon, president of the Joseph W. Moon Buggy company, filed in probate court in St. Louis lists her estate at \$111,605.50, of which \$27,000 is stocks and \$84,000 real estate. The Moon home, 24 Washington Terrace, is valued at \$75,000 and property at 4321-23 Maryland avenue at \$9,000. Mrs. Moon died March 13, leaving no will. Her husband qualified as administrator.

## HAVE COLOR IN YOUR CHEEKS—BE BETTER LOOKING—TRY OUR OLIVE TABLETS

If your skin is yellow—complexion pallid—tongue coated—appetite poor—a bad taste in your mouth—a lazy no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. These Olive Tablets oil the bowels—yet have no oily taste. They are a vegetable compound mixed with olive oil.

If you want a clear pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually a 10c and 25c per box.

"Every little live Tablet has a movement all its own." Take one or two nightly and note the pleasing results.

Will Certainly Make You Laugh

Ott LaFalls, known to stage dom as "The Funniest Man in Vaudeville" will be the special vaudeville feature at this theater for Thursday, Friday and Saturday. Ott LaFalls has entertained hundreds of thousands of people in this country and is guaranteed to entertain you if you appreciate really good vaudeville.

## Today's Picture Program

The splendid picture offerings for this date are as follows.

In addition to the grand two reel Vitagraph feature "Red and White Roses" there will be:

"ROPE IN"—A rollicking roaring farce comedy of conboy life. Selig.

"THE PLOT THAT FAILED"—A powerful dramatic story showing how right triumphs over wrong. Kalem.

"THE MILLIONAIRE VAGABOND"—A comedy drama of exceptional merit. Selig.

## Today's Special Picture Feature

"Red and White Roses," a vitagraph special picture in two reels will be Saturday's feature.

"Morgan Andrews is nominated for governor. He is engaged to an ideal woman. She is noted for her generosity and idolized for her philanthropy. His private secretary, Ralph Clark, is a material aid to Morgan Andrews' popularity."

Martin Murray, the leader of the opposition, induces his sister, Lida de Jean, a famous actress, to enter into a plot, feeling certain she will bring Andrews to her feet. He pays court to her and sends her a bouquet of red roses. Beth Whitney lives in the same apartment hotel as Lida, their rooms being directly across the court from each other. Andrews favors Miss Whitney with white roses whenever he visits her indicative of purity and sincerity. While visiting Miss Whitney, he sees Lida at the window of her apartment opposite, and irresistibly he is led to look upon her in all her radiant beauty. A page enters and hands him a letter from Lida, re-questing him to see her immediately. In opening the letter, he drops the envelope. After he is gone, his fiancée picks up the envelope and discovers that the handwriting is a woman's. After visiting the adventures, he returns to Miss Whitney's apartment. She tells him frankly that she will break her engagement with him. He imploringly tells her that the breaking of the engagement will mean the ruin of his career. He leaves, and later she writes saying, "Since the success of your career means so much, I will remain engaged to you until after election." Lida reports her progress to her brother. Lida has grown fond of Andrews, and will not now sacrifice his career by carrying out her brother's wishes. Then follows at story of great interest.

And Think of it! The Prices are Just the Same, 5c and 10c

## MORTUARY

## Diggins.

The 18-month-old grandchild of Mr. and Mrs. William Diggins died at their home in Concord Thursday night at 9 o'clock. The funeral will be conducted Sunday morning at 10:30 o'clock from the Concord Christian church, in charge of Rev. E. N. Read. Interment will be made in the Concord cemetery.

## Hailey.

The funeral of Mrs. Harvey Hailey was conducted Friday morning at 10:30 o'clock from the Concord M. P. church in charge of Rev. E. N. Read, assisted by Rev. H. W. Housman.

The flowers were kindly cared for by Miss Flora Eilson and Miss Adelia Baylis. Music was given by Mrs. Link Baylis, Miss Lena Read, W. H. Housman and Melvin Smith.

Burial was made in the Arenzville cemetery and the bearers were Messrs. W. B. Wood, E. L. Baylis, Henry Williamson, James Smith, W. D. Anderson and James Rexroat.

## Hess.

Mrs. A. J. Gebert of East College street received word Friday announcing the death of her niece Miss Marie Hess, a former resident of this city, who passed away at her home in Pasadena, Calif., Tuesday night. The message contained no announcement of funeral arrangements and a telegram was sent Friday, asking about it, but at a late hour last night no answer had been received.

Miss Hess was a daughter of Mr. and Mrs. Henry Hess and was born in this city December 24, 1889. Her mother died in this city a few years ago and four years ago the family moved to California. She is survived by her father, one sister, Maude, and two brothers, Charles and George.

## Treadway.

Funeral services for Mrs. Rebecca Mary Rawlings Treadway, wife of the late James Treadway, were held at her late residence in Beards town Friday morning at 10 o'clock in charge of Rev. N. M. Rigg, pastor of the Beards town M. E. church. Interment was made in the City cemetery, beside the grave of her late husband.

Mrs. Treadway died at her home, corner of Third and Edwards streets, in Beards town Monday April 14, at 11 p. m., aged 81 years, 7 months and 15 days. She was born in Part Deposit, Cecil County, Maryland, August 20, 1831 and was married to James Treadway of Cass county, December 27, 1855. They resided on a farm near Arenzville a number of years and afterward moved to Beards town. Her husband preceded her in death March 28, 1904, since that time she has made her home with her daughter, Mrs. A. E. Schmidt. She was the mother of four children, three daughters and one son, all of whom died in infancy except one daughter, Mrs. Schmidt. Besides her daughter she is survived by one sister and two brothers, Mrs. John Robertson and G. B. Rawlings of Jacksonville and J. B. Rawlings of Virginia.

Mrs. Treadway professed religion at an early age and became a member of the Methodist Episcopal church and lived a Christian life. She was devoted to her home and was tireless in her efforts to provide for those she loved.

## Kelley.

Funeral services for William Kelly were conducted at 10 o'clock Friday morning at Youngblood Baptist church in charge of Rev. Carey Fitzgerald. There was a large attendance, as Mr. Kelly was a man widely known and highly respected. Music was furnished by the church choir and the flowers, which were many and beautiful, were cared for by four grandchildren of the deceased: Misses Lodell Fanning, Esther Story, Stella Kelly and Eola Smith.

Interment was made in the Youngblood cemetery and the bearers were: David Wilson, Gus Seymour, Charles Waters, Walter Newby, Raymond Campbell and Thomas Henry.

William Kelly, one of Nortonville's oldest and most highly respected citizens was born August 20, 1841 and died April 16, 1913, aged 71 years, 7 months and 26 days. Death took place at his home after almost four weeks of distressing illness and pain, which he bore with the patience and courage of a true soldier. Mr. Kelly was a son of Daniel and Elsie Kelly and came to Morgan county when a small boy, residing in this county ever since.

On July 6, 1863 he was married

to Mary Edwards and they were the parents of seven children: Edward of this city, John and Curtis of Nortonville, Louella, wife of William Daugherty who died August 19, 1884 at the age of twenty years; Mrs. Jeff Story of Franklin, Mrs. Joseph Fanning of this city and Mrs. John Smith of Nortonville. Besides the six children he is also survived by his widow, twenty-one grandchildren, eleven great-grandchildren, one brother, Milton Kelly of this city, and five sisters, Mrs. Dobson and Mrs. Sorrells of Murrayville, Mrs. Fitzsimmons and Mrs. Arlee of Woodson and Mrs. Harney of this city.

Mr. Kelly made his declaration to his God and the church in 1877 when he enlisted in the cause of Christ and placed his membership with the Youngblood Baptist church. Later, however, he moved his membership to Union Grove and has ever since been a member there. The deceased was an honorable and upright citizen, a devoted and affectionate father. During the last three years his health has been fast failing him and while this caused him great pain and discomfort yet he bore it with patience and never forgot his duties and relations as a father and husband. He was highly esteemed by a wide circle of friends who extend their sympathy to the bereaved family.

A precious one from us is gone,  
A voice we loved is stilled,  
A place is vacant in our home,  
Which never can be filled.

## Lewis.

The funeral services of Isaac Henry Lewis, a well known citizen of Winchester, was held Monday afternoon at the M. E. church in charge of Rev. J. E. Strevey. Interment was made in the Winchester cemetery.

Mr. Henry was the son of Isaac Lewis, Sr., and was born in Winchester, Dec. 29, 1840. He was married to Mary A. Welch, March 11, 1866 and she died July 3, 1904. Mr. Lewis enlisted in the civil war August 13, 1862, being a member of company D, 129th regiment. He was a member of the Knights of Pythias and of the M. E. church.

He is survived by the following children: G. W. Lewis of Minneapolis, Mich., Anna B. Lewis of Winchester, D. H. Lewis of Cedar Bluffs, Neb. Three sisters also survive him, Mrs. Armstrong Flynn, Mrs. O. R. Flynn and Charles Crump.

DON'T FORGET that aside from having a full line of J. Capps' & Sons ready to wear suits, consisting of the LATEST PATTERNS and MODELS, we have a full line of samples of their MADE TO ORDER suits. We can give you splendid service. BRECKON & JENKINSON.

REBEKAHS GIVE SUCCESSFUL  
PLAY IN NEW I. O. F. HALL

Present "Mrs. Briggs of the Poultry Yard," to Large Audience Friday Night.

Fully three hundred people gathered at the new Odd Fellows Temple on East State street Friday evening to attend the play: "Mrs. Briggs of the Poultry Yard" presented by Rebekah lodge No. 13.

The play is a comedy in three acts by Evelyn Whiting, very similar to the well known piece: "Mrs. Wiggs of the Cabbage Patch." Mrs. Briggs an optimistic character finds a little boy in a railroad wreck, adopts him and gives him a home. Mr. Lee, father of a lost child, goes to an orphan asylum and adopts a girl, who later turns out to be Mrs. Briggs' niece. The boy whom Mrs. Briggs adopted proves to be Mr. Lee's son. A love romance is interwoven in the play and terminates in the marriage of the young people.

The play was enlivened by many humorous incidents and among other things used in its production were a live pig, live chickens and an old fashioned Virginia reel. The piece was staged under the direction of Miss Lillian McCullough, who is deserving of great credit for the successful manner in which the entertainment was carried out. All of the characters interpreted their parts in a very creditable manner. Music was furnished by Misses Fern Haigh and Mabel Forrester and Oscar Hanson sang a number of songs that were highly appreciated, as was a duet sung by Mr. Hanson and Miss Edith Carlson. The large audience manifested its appreciation of the efforts of participants according to their hearty applause, and the play met with such success that there is some talk of repeating it Monday night.

The cast of characters follows: Mrs. Briggs, a Woman of Business—Pearl Jaeger.  
Her Family—  
Ralph—Floyd Williamson.  
Jimmy—Oscar R. Hanson.  
Alvira—Esther Claus.  
Melissa—Ruth Platt.  
Silas Green, "A Near Relation"—Everett Weeks.  
Mr. Lee, a Wealthy Neighbor—H. E. Virginia Lee, His Daughter—Florence M. Proctor.  
Daisy Thornton, Her Friend—Edith L. Carlson.  
Mrs. O'Connor, With No Liking for Goats—Grace L. McCarty.  
Mandy Bates, Whose Tongue Will Stumble—Frances M. Alkire.

### MISS UPP WINS ESSAY CONTEST AT WOMAN'S COLLEGE

Four Well Written Papers Heard in Wesley Mathers Prize Competition in Music Hall Friday Night.

"The United States in the Council of Nations," by Miss Geneva V. Upp, '14, was the subject of the prize winning essay in the Wesley Mathers contest at the Woman's college Friday night. Miss Feril Hess of the sophomore class, won the second honors with a paper entitled "The Boy and the Playground." The other essays entered were "A Court for Children Offenders" by Miss Letta M. Irwin of the class of 1914, and "The Path of Medical Triumph," by Miss Gaila S. Cathcart of the sophomore class. All the contestants did well, the grades made by each being very close. The first prize had the value of seventeen dollars, and the second of eight dollars. Misses Helen Jones and Nina Slaten favored the audience with two vocal selections during the interim preceding the decision of the judges. Miss Annie Hinrichsen, Dr. A. B. Morey and W. A. Gore judged the essays on thought and composition. The judges on delivery were Mrs. R. W. Woolston, Dean F. S. Hayden and Rev. J. W. Miller.

### MATRIMONIAL

Auston-Abrams. The Pueblo, (Colo.) Star-Press prints an account of the recent wedding in Pueblo of Miss Alice Auston, which took place at the home of Dr. and Mrs. G. N. Raffington. The bride's little niece, Ruth Allen Raffington acted as ring bearer.

The bride is the daughter of Mr. and Mrs. John Abrams and the family for some time resided at Naples. The groom is a successful lumber dealer and the young people will make their home in Colorado.

Laird-Connor. The many friends of Rev. Melvin R. Laird, will be surprised to learn that he was married Wednesday evening in the Presbyterian church in Marshfield, Wis., to Miss Helen M. Connor. The ceremony was performed by Rev. George Hunt, pastor of Christ Presbyterian church, Madison, Wis., a friend of the groom.

After the marriage ceremony the wedding party returned to the Connor home, where a supper was served, followed by a reception.

Rev. Mr. Laird was born and reared in Pike county and is a graduate of Illinois college with the class of 1901. He was a member of the Phi Alpha society. After finishing his course he was in the Y. M. C. A. work for a short time and later took a theological course. He is now pastor of the Presbyterian church at Lincoln, where he and his bride will reside after a brief wedding trip.

The ladies of State Street church will hold a market to day at Rayhill's store beginning at 10 o'clock.

### WILL FILED FOR PROBATE.

The will of the late Robert T. Dean has been filed in the office of County Clerk Boruff. All the personal property of the deceased is willed to his wife and to his sons Jesse and Samuel Dean. The real estate in Morgan county is also willed to them but in event Mrs. Dean married again the sons are to have her share and are to pay her \$800. Property belonging to the deceased in Scott county is to be sold and after \$150 each has been given to Charles and Albert Dean the residue is to belong to Mrs. Dean, Jesse and Samuel Dean.

The will was drawn December 7, 1907 and witnessed by J. T. Wild, Charles Dolan and J. L. Tandy.

### ARBOR DAY CELEBRATION

#### AT SCHOOL FOR THE DEAF

Day is Observed With Impressive Ceremony in Tree Planting—Prof. Frank Read Gives Splendid Address on "The Significance of Arbor Day."

Arbor day was celebrated by the state school for the deaf, Friday with appropriate exercises. At the chapel hour at 10:30 the members of the freshmen class, consisting of 19 boys and girls, gave a program of recitations, fitting to the occasion.

Prof. Frank Read gave a most comprehensive address on "The Significance of Arbor Day" which was heard with much interest. He called attention to the fact that the trees of Jacksonville are her glory. He mentioned Mr. Kellogg, president of the Hardwood Hemlock Co., of Warsaw, Wis., who made the following statement concerning Jacksonville trees, shortly after returning from New Haven, Conn. He said "Jacksonville, to my mind, has the finest double row of elm trees I have ever seen in the world, (not the finest elm trees), but the finest double row of elms." On another occasion Leander McCormick, who was a great traveler and a brother of the well known Cyrus H. McCormick said "I have never seen a more beautiful city than Jacksonville."

Prof. Read traced the tree history of the community back to the time when the country was a prairie with only clumps of trees here and there. He spoke especially of the clump found on "College Hill" and the clump found near where the stables of the state school for the deaf are now located.

The men who figured in the early tree planting in 1835 were B. R. Upham, Jos. W. King and Charles Rockwell. They secured the trees from the Mauvaisterre creek and J. C. King did some tree planting on the grounds of the three institutions.

From 1846 to 1850 Col. George Chambers set out trees between Prairie street and Westminster street. In 1860 and 1861 rows of trees were set out on Westminster street by Rev. William Gallagher, also James A. Gallagher. In 1862 Mr. Cook's father, of the planing mill fame set out trees for Governor Duncan. In the early days the deaf institution had as many as 40 varieties of trees on the grounds.

Since 1900 different classes have set out one tree each year, red bud, tulip, bass wood, magnolia, horse chestnut and Norway maple. The Norway maple was set out yesterday by the class of 1916.

Following the chapel exercises the entire school adjourned to the lawn in front of the main building where the tree was planted in an impressive manner.

The ladies of State Street church will hold a market to day at Rayhill's store beginning at 10 o'clock.

### SOCIAL EVENTS.

The South Side Circle met Friday afternoon with Mrs. J. W. Folsom on South Main street. Mrs. H. L. Griswold read a paper on "How Can We Make Home More Simple and Useful." Simple entertaining was the subject of a discussion by Mrs. A. W. Baldwin. The roll call was responded to by "Kitchen Conveniences." Dainty refreshments were served.

### TO HOLD MEETING IN MAY.

Aeroplane, Automobile and Motorcycle Races Will Be Held By Motordrome Company.

According to announcement made by Manager Leon Friedman of the Motordrome company, arrangements have been completed for an aeroplane, automobile and motorcycle racing meet to be held in this city May 14 and 15th.

This is the same company that conducted a successful meet here last year and the manager has announced that the meet will open only for professional riders and no amateur events will be held. The auto races will be conducted under the A. A. A. rules and the motorcycle events under rules of the F. A. M. Several aeroplane flights will be given at each performance.

### PLEASING SONG RECITAL GIVEN AT ACADEMY HALL

Mr. and Mrs. Ridgely Hudson of Springfield Delight Audience By Their Artistic Singing.

A song recital of excellence was given Friday night in Academy hall by Mrs. Mary Tiffany Hudson, soprano and Mr. Ridgely Hudson, tenor, before a representative audience of local music lovers. There was an added touch of interest in the recital from the fact that the Tiffany family formerly resided in Jacksonville and that the soprano of the evening was born and reared here.

This is not the first concert that Mr. and Mrs. Hudson have given in the city, having appeared before, much to the delight of every one. Their efforts of last night were highly appreciated. Mrs. Hudson's voice is of a beautiful quality and her tone production faultless. Her interpretation in the various solo numbers displayed that artistic touch which makes her singing fascinating.

Mr. Hudson possesses a tenor voice of unusual sweetness and strength, and of wide range. In the upper register his tone work is especially praiseworthy, characterized by good breath control. The duet numbers of Mr. and Mrs. Hudson were likewise well received. Mrs. Mary Berdan Tiffany, mother of Mrs. Hudson, acted as accompanist in a talented manner. The program follows:

Duet—"Passage Birds' Farewell." Hildach Mr. and Mrs. Hudson.
